

**Schedule of Fees**  
**NSAI Agrément Approval Scheme**  
**Approved Contractor - External Thermal Insulating Composite System**

The following schedule of fees relates to: **Application and Assessment** (payable on application to join the scheme) and **Annual Registration**.

The Initial Registration fee covers the assessment procedures for entry into the scheme. The Annual Membership and Surveillance fees cover on-going costs relating to the operation of the scheme. Non-payment of fees by the installer will result in the withdrawal of NSAI Agrément approval and in deletion of the installer from the list of registered installers.

Fee Classification*	
Application and assessment fee for single certificate	<b>€3000**</b>
Application and assessment fee for each additional certificate	<b>€750**</b>
Application and assessment fee for each additional crew	<b>€750**</b>
Annual Registration/Surveillance audit fee	<b>€1850**</b>
<p>* All charges are subject to VAT at 21%.  ** The above fees are based on the assumption that the assessment will require at least one site visit to be completed, and are subject to change based on the number of audits to be conducted, number of crews to be assessed etc. NSAI Agrément reserves the right where an assessment is protracted or where additional audits are required for reasons beyond its control to charge additional fees.</p>
