| I.S. EN 477:2018                 | Plastics - Poly(vinyl chloride) (PVC) based profiles - Determination of the resistance to impact of profiles by falling mass                                                                                                          | CEN         | 18/02/2018      |  |
| I.S. EN 478:2018                 | Plastics - Poly(vinyl chloride) (PVC) based profiles - Determination of the appearance after exposure at 150 Å°C                                                                                                                      | CEN         | 18/02/2018      |  |
| I.S. EN 479:2018                 | Plastics - Poly(vinyl chloride) (PVC) based profiles - Determination of heat reversion                                                                                                                                                | CEN         | 18/02/2018      |  |
| I.S. EN 514:2018                 | Plastics - Poly(vinyl chloride) (PVC) based profiles - Determination of the strength of welded corners and T-joints                                                                                                                   | CEN         | 18/02/2018      |  |
| I.S. EN 4652-221:2017/AC:2018    | Aerospace series - Connectors, coaxial, radio frequency - Part 221: Type 2, TNC interface - Crimp version - Right angle plug - Product standard                                                                                       | CEN         | 18/02/2018      |  |
| I.S. EN 14460:2018               | Explosion resistant equipment                                                                                                                                                                                                         | CEN         | 18/02/2018      |  |
| I.S. EN 55016-1-2:2014/A1:2018   | Specification for radio disturbance and immunity measuring apparatus and methods - Part 1-2: Radio disturbance and immunity measuring apparatus - Coupling devices for conducted disturbance measurements                             | CENELEC     | 20/02/2018      |  |
| I.S. EN 60893-3-6:2004/A2:2018   | Insulating materials - Industrial rigid laminated sheets based on thermosetting resins for electrical purposes - Part 3-6: Specifications for individual materials - Requirements for rigid laminated sheets based on silicone resins | CENELEC     | 20/02/2018      |  |
| I.S. EN 62453-303-1:2009/A1:2018 | Field device tool (FDT) interface specification - Part 303-1: Communication profile integration - IEC 61784 CP 3/1 and CP 3/2                                                                                                         | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 60794-1-22:2018      | Optical fibre cables - Part 1-22: Generic specification - Basic optical cable test procedures - Environmental test methods                                                                                                            | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62271-110:2018       | High-voltage switchgear and controlgear - Part 110: Inductive load switching                                                                                                                                                          | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62439-3:2018         | Industrial communication networks - High availability automation networks - Part 3: Parallel Redundancy Protocol (PRP) and High-availability Seamless Redundancy (HSR)                                                                | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62439-5:2018         | Industrial communication networks - High availability automation networks - Part 5: Beacon Redundancy Protocol (BRP)                                                                                                                  | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62677-1:2018         | Heat shrinkable low and medium voltage moulded shapes - Part 1: General requirements                                                                                                                                                  | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62677-2:2018         | Heat shrinkable low and medium voltage moulded shapes - Part 2 Methods of test                                                                                                                                                        | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62688:2018           | Concentrator photovoltaic (CPV) modules and assemblies - Safety qualification                                                                                                                                                         | CENELEC     | 20/02/2018      |  |
| I.S. EN IEC 62909-1:2018         | Bi-directional grid-connected power converters - Part 1: General requirements                                                                                                                                                         | CENELEC     | 20/02/2018      |  |
| I.S. EN ISO 3887:2018            | Steels - Determination of the depth of decarburization (ISO 3887:2017)                                                                                                                                                                | CEN         | 18/02/2018      |  |
| I.S. EN ISO 5165:2018            | Petroleum products - Determination of the ignition quality of diesel fuels - Cetane engine method (ISO 5165:2017)                                                                                                                     | CEN         | 18/02/2018      |  |
| I.S. EN ISO 6270-1:2018          | Paints and varnishes - Determination of resistance to humidity - Part 1: Condensation (single-sided exposure) (ISO 6270-1:2017)                                                                                                       | CEN         | 18/02/2018      |  |
| I.S. EN ISO 6270-2:2018          | Paints and varnishes - Determination of resistance to humidity - Part 2: Condensation (in-cabinet exposure with heated water reservoir) (ISO 6270-2:2017)                                                                             | CEN         | 18/02/2018      |  |
| I.S. EN ISO 7393-2:2018          | Water quality - Determination of free chlorine and total chlorine - Part 2: Colorimetric method using N,N-dialkyl-1,4-phenylenediamine, for routine control purposes (ISO 7393-2:2017)                                                | CEN         | 18/02/2018      |  |
| I.S. EN ISO 8028:2018            | Rubber and/or plastics hoses and hose assemblies for airless paint spraying - Specification (ISO 8028:2017)                                                                                                                           | CEN         | 18/02/2018      |  |
| I.S. EN ISO 9017:2018            | Destructive tests on welds in metallic materials - Fracture test (ISO 9017:2017)                                                                                                                                                      | CEN         | 18/02/2018      |  |
| I.S. EN ISO 10582:2018           | Resilient floor coverings - Heterogeneous poly(vinyl chloride) floor covering - Specifications (ISO 10582:2017)                                                                                                                       | CEN         | 18/02/2018      |  |
| I.S. EN ISO 11737-1:2018         | Sterilization of health care products - Microbiological methods - Part 1: Determination of a population of microorganisms on products (ISO 11737-1:2018)                                                                              | CEN         | 18/02/2018      |  |
| I.S. EN ISO 13918:2018           | Welding - Studs and ceramic ferrules for arc stud welding (ISO 13918:2017)                                                                                                                                                            | CEN         | 18/02/2018      |  |
| I.S. EN ISO 14114:2018           | Gas welding equipment - Acetylene manifold systems for welding, cutting and allied processes - General requirements (ISO 14114:2017)                                                                                                  | CEN         | 18/02/2018      |  |
| I.S. EN ISO 15653:2018           | Metallic materials - Method of test for the determination of quasistatic fracture toughness of welds (ISO 15653:2018)                                                                                                                 | CEN         | 18/02/2018      |  |
| I.S. EN ISO 17450-4:2018         | Geometrical product specifications (GPS) - Basic concepts - Part 4: Geometrical characteristics for quantifying GPS deviations (ISO 17450-4:2017)                                                                                     | CEN         | 18/02/2018      |  |
| I.S. EN ISO 17633:2018           | Welding consumables - Tubular cored electrodes and rods for gas shielded and non-gas shielded metal arc welding of stainless and heat-resisting steels - Classification (ISO 17633:2017)                                              | CEN         | 18/02/2018      |  |
| I.S. EN ISO 19448:2018           | Dentistry - Analysis of Fluoride Concentration in Aqueous Solutions by use of Fluoride-Ion Selective Electrode (ISO 19448:2018)                                                                                                       | CEN         | 18/02/2018      |  |
| I.S. EN ISO 21533:2018           | Dentistry - Reprocessable cartridge syringes for intraligamentary injections (ISO 21533:2018)                                                                                                                                         | CEN         | 18/02/2018      |  |
| S.R. CEN/TR 17179:2018           | Thermoplastics piping and ducting systems - Rainwater infiltration and storage attenuation systems - Practices for underground installation                                                                                           | CEN         | 18/02/2018      |  |
