ANNUAL REPORT 2020

NSAI TECHNICAL COMMITTEES (NSAI ETC TC11 – SAFETY OF ELECTRONIC EQUIPMENT WITHIN THE FIELD OF AUDIO/VIDEO

Contents

1 Chairperson's Statement

In 2020, NSAI ETC TC11 oversaw and supported the publication of EN IEC 62368-1:2020. While this publication had been delayed for some time and some compromises had to be made, I congratulate ETC TC11 members for their pragmatic approach to ensure the publication of this key standard which the entire ICT and AV industry had been waiting for. Support for the new work proposal to replace EN 62368-3 was also welcomed. I would like to thank the ETC TC11 members and secretariat for their hard work and look forward to working on further improving the standard as the focus shifts to the future 4th edition of IEC 62368-1.

Peter Kelleher

Chairperson NSAI ETC TC 11

Product Regulatory Engineer Dell Products

2 Introduction

NSAI ETC TC11 is the national mirror committee to IEC TC108 and CLC TC108X, with responsibility for coordinating the development of standards for electronic equipment within the field of audio/video, information technology and communication technologies.

3 Scope of TC

To support the development of international Standards in the field of safety for audio/video and similar technology, information technology and communication technology equipment.
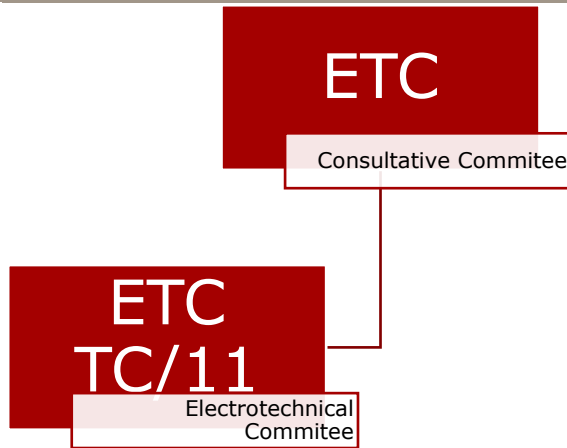

The committee mirrors the following international committees:

Committee Name	Committee Title	Membership
IEC/TC 108	Safety of electronic equipment within the field of audio/video, information technology and communication technology	P-Member
CLC/TC 108X	Safety of electronic equipment within the field of audio/video, information technology and communication technology	

4 Structure and Membership

4.1 Structure

The Figure below illustrates the structure of the Committee:

ETC

Consultative Commitee

ETC TC/11

Electrotechnical Commitee

4.2 Members

The list below are the organisations represented on the committee for the year 2020. The participation of independent experts is not listed for GDPR reasons.

Organisation	Role
Dell Ireland	Chairperson
NSAI	National Secretary
Compliance Engineering Ireland	Committee Member
Enterprise Ireland	Committee Member
Apple	Committee Member
Intel	Committee Member

5   Summary of 2020 Activities

5.1 National

5.1.1 Meetings

Members attended the following national meetings:

Meeting No.	Date	Minutes Reference
1	23 November 2020	N0660

The committee aims to meet a minimum twice per annum. A meeting scheduled for March 2020 was cancelled as a result of the COVID-19 pandemic.

5.1.2 National Work

None in 2020. The focus of NSAI ETC TC11 is on participation in International Standards development.

5.2 International/Regional

5.2.1 Meetings

The chairperson attended 2 no. of working group meetings for the IEC TC108 Hazard based standard development team (HBSDT) that were both held virtually in 2020 due to the COVID-19 Pandemic.

No plenary meeting took place in 2020 for IEC TC108.

The Chairperson attended a virtual plenary for CLC TC108X held on the 1st of December 2020.

5.2.2 International/Regional Voting

IEC/TC 108: Ireland voted on a total no. of 2 documents open in 2020 with a 100% overall voting record.

5.3 Regulatory Development/Update

NSAI ETC TC11 members, through their participation internationally are engaged in the development of harmonised standards that support the following Directives;

- Directive 2014/53/EU - Radio Equipment Directive (RED)
- Directive 2014/35/EU - The Low Voltage Directive (LVD)

6 Irish Publications/Reviews

6.1 Publications

The committee did not publish any deliverables this year.

6.2 Reviews

The committee did not review any national documents.

7 Work programme for 2021 onwards

In 2021, TC11 will continue to be an active contributor to the work of IEC TC108 and CENELEC TC108X. TC108X continues to be chaired by Peter Kelleher and work will continue to prioritise development of harmonised standards in support of the directives listed above.
