<b>NSAI Committee</b>	<b>International committee monitored</b>
TC 5 Healthcare	National document distribution.
TC 5/SC 1 – Dentistry	CEN TC 55 – Dentistry ISO/TC 106 – Dentistry ISO/TC 106/SC 1 – Filling & restorative materials ISO/TC 106/SC 2 – Prosthodontic materials ISO/TC 106/SC 3 – terminology ISO/TC 106/SC 8 – Dental implants ISO/TC 106/SC 9 – Dental CAD/CAM Systems
TC 5/SC 2 – In-vitro diagnostics	CEN/TC 140 – In-vitro diagnostic medical devices ISO/TC 212 – Clinical laboratory testing and in-vitro diagnostic test systems
TC 5/SC 3 – Ophthalmics	CEN/TC 170 – Ophthalmic optics ISO/TC 172 – Optics and phonics ISO/TC 172/SC 7 – Ophthalmic optics and instruments
TC 5/SC 4 – Non-active medical devices	CEN/TC 205 – Non- active medical devices ISO/TC 76 – Transfusion, infusion and injection & blood processing equipment for medical & pharmaceutical use. ISO/TC 84 – Devices for administration of medicinal products & catheters. ISO/TC 157 – STI barrier prophylactics ISO/TC 173/SC 3 – Aids for ostomy & incontinence CEN/TC 367 – Breath-alcohol testers. ISO/TC 168 – Prosthetics and orthotics
TC 5/SC 5 – Respiratory & Anaesthesia	CEN/TC 215 – Respiratory and anaesthetic equipment ISO/TC 121 – Anaesthetic and respiratory equipment SC 1 – Breathing attachments and anaesthetic machines SC 2 – Airways and related equipment SC 3 – Respiratory devices and related equipment used for patient care SC 4 – Vocabulary and semantics SC 6 – Medical gas supply systems SC 8 – Suction devices
TC 5/SC 6 – Implantable	CEN/CLC/JTC 16 – Active implantable Medical devices CEN/TC 285 – Non active surgical implants ISO/TC 150 – Implants for surgery SC 1 – Materials SC 2 – Cardiovascular implants and extracorporeal systems

	<p>SC 4 – Bone and joint replacements                  SC 5 – Osteosynthesis and spinal devices                  SC 6 – Active implants                  SC 7 – Tissue engineered medical products</p>
TC 5/SC 7 – Biological & clinical evaluation	<p>CEN/TC 206 – Biological and clinical evaluation of MD                  ISO/TC 194 – Biological and clinical evaluation of MD</p>
TC 5/SC 9 – Sterilizers, sterilization and cleaning	<p>CEN/TC 102 – Sterilizers and associated equipment                  CEN/TC 204 – Sterilization of medical devices                  CEN/TC 216 – Chemical disinfectants and antiseptics                  ISO/TC 198 – Sterilization of healthcare products</p>
TC 5/SC 10 – Horizontal issues	<p>CEN/CLC/JTC 3 – Quality management and general aspects for MD                  ISO/TC 210 – Quality management and general aspects for MD</p>
TC 5/SC 11 – Ambulances	<p>CEN/TC 239 – Rescue systems                  ISO/TC 121 Anaesthetic and respiratory equipment</p>
TC 5/SC 13 – Cleanrooms	<p>CEN/TC 243 – Cleanroom technology                  ISO/TC 209 – Cleanroom and associated controlled environments                  ISO/TC 330 – Surfaces with biocidal and antimicrobial properties.  <u>Information only</u>                  CEN/TC 195 – Cleaning equipment for air and other gases cleaning                  CEN/TC 248 WG 16 – Textiles in the healthcare system                  CEN/TC 248 WG 17 – Hygienic quality of textiles processed in industrial laundries and used in sectors in which it is necessary to control biocontamination</p>
TC 5/SC 16 – Osteopathic services	<p>CEN/TC 414 – Services in osteopathy – no longer active.</p>
TC 5/SC 19 – Miscellaneous	<p>ISO/TC 338 – Menstrual products.</p>
