

**NSAI**

# ANNUAL REPORT 2019

NSAI TECHNICAL COMMITTEE  
ALGAE AND BIOSTIMULANTS

**CEN set up two new Technical committees in 2017**

- **CEN TC 454 "Algae and algae products"**
- **CEN TC 455 "Bio-stimulants"**

**NSAI have one committee of experts who monitor the activities of both TC's.**

**CEN TC 454 has six fully active Working Groups and there are national experts participating in all six.**

**The Working Groups are**

- **WG 01 "Terminology"**
- **WG 02 "Identification"**
- **WG 03 "Productivity"**
- **WG 04 "Specifications for food and feed"**
- **WG 05" Specifications for non-food/feed sector applications"**
- **WG 06 "Product test methods"**

**The CEN deliverables from TC 454 will be Technical reports or Technical Specification will EN's to follow.**

**The first standard to be published was developed by WG1 on Terms and definitions and will be published in 2020.**

**CEN TC 455 has five fully active Working Groups and there is national interest in all six.**

**The Working Groups are**

- **WG 01 "Sampling"**
- **WG 02 "Claims"**
- **WG03 "Pathogenic and non-pathogenic microorganisms"**
- **WG 04 "Other safety parameters"**
- **WG 05 "Labelling and denominations"**
